

What is IIM–Intelligent Insurance Manager?

IIM–Intelligent Insurance Manager provides lenders with 24/7 access to view preferred policy and lender-placed insurance information, generate customized reports, check claim status, print documentation and listen to borrower phone calls.

IIM Benefits

- View, retrieve and print borrower insurance information such as insurance documents, evidence of insurance and correspondence
- Real-time access to insurance transaction history
- Lender-Placed insurance transactions including refunds and billings
- Generate date-range reports for insurance program management
- Access online claim information (such as details, adjustor reports, correspondence)
- Dedicated Compliance Resources section
- Electronic document warehouse (for outsourcing clients)
- Listen to borrower phone calls

IIM is beneficial for lender-placed clients and outsourcing clients providing the same easy access with different functionality.

Did You Know?

IIM–Intelligent Insurance Manager has the ability to track at the loan level (residential) or the collateral level (commercial).
